THE McCORMICKS -- McCORMACKS IN GEORGIA

Allen County Public Library  
Ft. Wayne, Indiana

FOREWORD

2216363

In the preparation of this data on MCCORMICKS in Georgia I tried to collect every item that came to my notice about a MCCORMICK between the earliest date I could find a record (1783) and about 1845. Some families I have traced beyond that date if I was especially interested in them. MOST of the MCCORMICKS I found in Georgia were able to read and write for they could sign their names. However as was usually the case all the women in the family could not read and write. They were not careful to record business transactions and deed records at the Court House, for in counties they were in there is little about them on record.

Of the counties named in this data I have personally examined the records of all except Bryan County. I started there but the United States Army had the road blocked for two weeks so I had to postpone my trip.

In addition to the counties mentioned in this data I have also personally examined the records in these Georgia Counties: Oglethorpe, Bibb, Jones, Bullock, Effingham, Scriven, Wayne and Emanuel. I was unable to find the name MCCORMICK on any indexed records.

The records of these Georgia Counties have been completely destroyed by fire in Burke, Twiggs, Wilkinson, and Washington.

I have underlined in red any MCCORMICK that I am certain was a relative of JOHN DAVIS, Esq. (1776-1826)

1. The first part of the paper discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the success of any business or organization. The author provides several examples of how poor record-keeping can lead to financial loss and legal complications.

2. The second part of the paper focuses on the various methods used to collect and analyze data. It compares different statistical techniques and discusses their strengths and weaknesses. The author also provides a detailed explanation of how to interpret the results of a statistical analysis.

JEFFERSON COUNTY, GEORGIA

The records of the county in the office of the Superior Court have practically all been destroyed for many years. I found the remains of some old books, one an early deed book, another a book with law suits in it and a few loose papers. From them I obtained the following information: (as there were no titles I can only list pages).

p. 238 Received of J. Jacob Schley a dft. this day in my favor on Col. Frederick Oneil for thirty six dollars and one some time ago for one hundred dollars which when paid will be in full for a Judgement against him in favor of Wm. Pollard, deceased, and also in full for my own account.

JEFFERSON, COUNTY ORDINARY'S OFFICE The records of this office were in a little better shape but many were missing. There were good records of the early TAX DIGESTS. However, they were not indexed nor in alphabetical order so I did not have the time to examine them.

"MINUTES of ORDINARY'S COURT" (1805-1820)

p. 16 Friday 24, 1806

"On the application of Isaac Bowen, administrator of the estate of Dr. James MCCORMICK, deceased, praying an order for the sale of five hundred acres of land lying and being in Jefferson County being the real estate of the said JAMES MCCORMICK, dec'd and it appearing that our notice had been regularly published, It is ordered that the said land be sold in terms of the act in such cases made and provided".

1. The first part of the paper is devoted to a general discussion of the problem. It is shown that the problem is of great importance in the theory of the structure of the atom.

2. In the second part of the paper, the author discusses the results of his calculations. It is shown that the results are in good agreement with the experimental data.

3. In the third part of the paper, the author discusses the results of his calculations. It is shown that the results are in good agreement with the experimental data.

4. In the fourth part of the paper, the author discusses the results of his calculations. It is shown that the results are in good agreement with the experimental data.

5. In the fifth part of the paper, the author discusses the results of his calculations. It is shown that the results are in good agreement with the experimental data.

6. In the sixth part of the paper, the author discusses the results of his calculations. It is shown that the results are in good agreement with the experimental data.

7. In the seventh part of the paper, the author discusses the results of his calculations. It is shown that the results are in good agreement with the experimental data.

Sir:

Wm. McCormick, attorney of John Willson, Esqr. has applied for a return of deposit of the monies of the Georgia-Mississippi Company being for sixty-eight shares therein, a scrip of which is herewith referred to you with the power.

The scrip or receipt is in the name of Mathias Maher but expresses that he or his assigns is entitled to the proportion expressed. Mr. Maher has indorsed it under which Mr. Willson claims.

I wish your opinion whether the blank endorsement of Mr. Maher gives a power to Mr. Willson under the term assigns to step in Mr. Maher's place and to give a power to draw the money under the amending act to carry the 24th. section of the \_\_\_\_\_ Article of the constitution into effect. Mr. McCormick very properly stating that in courts of law a blank indorsement gives a right to the holder. I have thought proper to take your advice whether this case can be considered under the amending law as coming within the general legal principle on Mr. McCormick's making oath of Mr. Maher's signature and taking the usual oath that he believes the money was bona fide deposited by the principal giving the power.

Or does the scrip furnish such evidence of Mr. Maher's depositing as to justify Mr. Willson's drawing under the name of Mathias Maher so as to form a construction of receipt from the signature of Mr. Maher under this part of the law and that to the best of their knowledge and belief the receipt & documents \_\_\_\_\_ is or are the genuine receipts or documents originally given by the Treasurer, Grantee or Grantors his or their agent or agents or any other person or persons who hath or have deposited monies under the said act.

A Letter dated this day from Peter J. Carnes, Esq. Sol.  
Gen'l Middle district in the words following (to wit).

Louisville 18th. April, 1800

Sir:

Having taken into consideration the communication of yesterday relative to an application made by Wm. McCormick, Attorney for John Willson, Esqr. who holds under Mathias Maher, for a return of Deposit made for sixty-eight shares in the pretended Georgia-Mississippi Company,

I consider that the Scrip alluded to and now before me having been given to Matthias Maher or his assigns is consequently transferrable and being so Mr. Willson has his election to take either as agent or Proprietor and having given a power of Attorney to Mr. McCormick authorizing him to make application for the money thus deposited has evidenced his determination to take as indorser and Proprietor under Mathias Maher's blank indorsement.

I am therefore of opinion that this case comes within the general legal principle under the amending law on Mr. McCormick's making oath of Mr. Maher's signature and taking the usual oath that he believes the money was bona fide deposited by the principal giving the power he having received the power from Mr. Willson who stands precisely in the situation of Mathias Maher with regard to the scrip he -Mr. Willson having made his election to draw a proprietor.

I am with respect

## MCCORMICK, MCCORMACK, MCCORMIC in GEORGIA

## PART 11

Since I have made a personal inspection of so many of the Eastern Counties where the early settlers entered the state I will attempt to analyze this data as it appears to me. I am not a McCormick descendant that I know of so I have not made a search of records in Greene, Franklin or Elbert Counties. I have no reason to suppose that our JOHN DAVIS, Esq. and his half brother, WILLIAM MCCORMICK ever came through any of those counties. The conclusions I am drawing are drawn from the material that I have collected.

There are several McCormick Families that I have run into that came to Georgia from South Carolina in more recent years. I have not included them as I am not tracing the McCormick Family. Some day when I have the time I may add a third part and put in the later McCormicks as I have no doubt many of them were related.

Studying the Colonial Records there seem to be four sections in Georgia where McCormicks settled. From Chandlers Records there was JOHN MCCORMICK who settled above Augusta. Later that district was Columbia County and it is probably from them that the McCormicks who were in Greene, Lincoln and Columbia Counties *were descended*.

Second, there was William McCormick in what is now Liberty County.

Third, there were a few McCormicks in Savannah like the Sea Captain by that name who in years later made regular sailings to Philadelphia.

Fourth, in what was the Burke County neighborhood there were John McCormick, Patrick McCormick and Robert McCormick.

During the Revolutionary period a few more names were added but some of them were descendants of the earlier settlers. I am taking the names of the McCormicks and trying to separate the data so that the history of each man is traced.

MCCORMICK, BENJAMIN, was a soldier from Georgia in the Revolution. He drew land grants in 1784 in Washington County of 287½ acres each in two grants. In 1798 he drew land in Greene County.

Mr. Fitzhugh Lee, a genealogist sent a report in which he stated that records of Greene County, Georgia show that in 1799 Benjamin McCormick and others were appointed by the Court to work a named dirt road. The Records of Wilkes County, Georgia in 1791 state that Benjamin McCormick and James McCormick witnessed a deed for a city lot in the town of Washington, Wilkes County.

The National Archives in Washington has records showing that Benjamin McCormack, Revolutionary Soldier was pensioned. In his application he stated that he was born about 1744 or 1745. He enlisted in Wilkes County, Georgia. He finally moved to Jasper County, Georgia before he moved to Montgomery County, Mississippi. In 1832 he was living in Perry, County, Alabama. The place of birth was not stated. Since I have not found any other records of a Benjamin McCormick all the facts above seem to be about one man.

MCCORMICK, MRS. ELIZABETH, at the time she wrote her will in Burke, County, Georgia in 1798 she did not mention her husband so she must have been a widow. She did not state that her children were minors so they must have been grown. It is also possible that some of them might have been children by a former marriage. I have never been able to find any trace of any ISHAM McCormick but the records of Pulaski County show that John McCormick and Mathias M. McCormick were Securedties for Stephen Hagan, administrator for Isham Hagan who was deceased in 1817. However she had some connection with the Davis Family for her will was witnessed by BENJAMIN DAVIS. Her will was not recorded until 1825. At that time Benjamin Davis was evidently dead. A sworn statement was made by Martha Bailey, formerly Martha Smith that she saw Elizabeth McCormick sign her will. The statement was also recorded.

MCCORMICK, DAVID Esq. This gentleman was a very prominent man in his generation. I have sent you a report on him and have nothing to add to that but this item. From the "EXECUTIVE JOURNAL" 1802-1805 in the Georgia State Archives p. 90 Feb. 1803 "MCCORMICK, DAVID, Gentleman" was appointed a Lieutenant in the Louisville Guards. (He was living in Louisville, Jefferson, County at that time.)

McCormick, JAMES. There are either four or five men by this name in these records. The records of the man by this name in Hancock County and the man in Twiggs and Houston County may be those of the same man. I will give these first.

In June 1794 JAMES MCCORMICK bought 287½ acres of land in Hancock County. I give this for it was the earliest date I have on him. He bought and sold land in Hancock County until 1809. His wife signed two deeds jointly with him. He could read and write but she signed with a mark. Although I examined deeds until 1838 and searched records in the Ordinary's office I found nothing about any McCormick. Since he bought and sold land if he had died in Hancock County surely there would be some records of the disposition of that land, as Hancock County has splendid records. Since I found nothing I am inclined to believe that James McCormick moved from Hancock County. This man would have been 21 or older in 1794 so he would have been born at least by 1770 or 1771. The last sale recorded for him that I found was 1809. That must have been about the time he left Hancock.

11. JAMES MCCORMICK. On. November 10, 1810 JAMES MCCORMICK was appointed a Justice of Peace in the new county of Twiggs. The Senate of Georgia appointed Commissioners of the Twiggs County Academy in 1810 and James McCormick was one of them. In 1816 the State Senate appointed James McCormick Commissioner of Public Buildings in Twiggs county. (William Davis was also a Commissioner of Public Buildings in Twiggs County. He resigned in 1815 and next appeared in Pulaski County. William Davis died and left a will in that County.) The records of STONY CREEK BAPTIST CHURCH show that JANE MCCORMICK joined that church on May 24, 1811. At about the same time Mary Davis joined the same church. I believe that Mary Davis was connected with William Davis and Jane McCormick was with James McCormick. I am quite familiar with the church

records and at that time there were no other persons by the name of either Davis or McCormick who joined the church. By 1820 James McCormick was in Pulaski County as he was there when the Census was taken. In 1824 he was in Houston County. This County adjoins Pulaski ~~and~~ land from one was given to the other so that a person without moving could have lived in both counties. James McCormick seems to have a roving disposition. He had several deeds of record in Houston County. He left Houston County and moved to Jasper County, Georgia as shown by a deed on record in Houston, County. He was in Jasper County in 1833. I went to Jasper County and there in their records which were not too well kept I found that James McCormick died in Davison County in Tennessee. His child Nancy Ann Elizabeth McCormick was a minor and the only one mentioned as being an heir to his property. I do not feel that LEAH MCCORMICK, who was appointed guardian for Nancy Ann Elizabeth McCormick was the wife of James McCormick for if she had been I believe that she would have been mentioned as a widow as was the custom of the time, and she would have shared in any estate left by her husband, however small.

While he was in Houston and Pulaski Counties this James McCormick was associated with WILLIAM MCCORMICK and his family. In Pulaski County on March 18, 1822 was appointed administrator for Samuel Hart, dec'd. ~~xxxxxxx~~ At that time Mathias McCormick was appointed Security for him. On May 6, 1822 James McCormick along with Wm. McCormick, James Hambleton and Ann H. Hart were appointed Administrators to the estate of Samuel Hart. In the records of Houston County in the records of the Ordinary's office RETURN BOOB "A" p. 148, James McCormick and Isham Jordan were paid some money by the estate of Jeremiah McCormick.

Since this man was appointed a J.P. in 1810 he would have to be over 21 years of age for such a responsible job. That would place his birth at least in the 1780's and seemingly too old to be a son of William McCormick. I do not believe him to be a son of William but a brother to William McCormick and a half-brother to John Davis, Esq. I also think this James McCormick was the same man that moved to Hancock County at least by 1794 and was no longer on the records there after 1809. If my supposition is correct that all the above records are those of the same man then there were only four men in the early records by the name James McCormick.

111 James McCormick. In the records of Jefferson County that have not been destroyed are the Minutes of the Ordinary's Court. In 1806 an order was granted Isaac Bowen, administrator of Dr. JAMES MCCORMICK, dec'd, to sell five hundred acres of land lying in Jefferson County that had belonged to Dr. James McCormick. The record does not state whether Dr. McCormick lived in Jefferson County or some adjoining County. It also does not give the date of his death. I have no doubt that he had been dead for some time as usually the real estate was the last part of the estate to be sold. I have no other record of this man. (note: a careful search of the tax records of Jefferson County might reveal a bit more about him as the Tax Records seem to be intact for this County.)

MCCORMICK, JOHN; There are a number of men by this name on the records of courthouses in Georgia. I hesitate to try to untangle them. But in these pages there are several men by the name of John McCormick who stand out clearly.

1. MCCORMICK, JOHN, from the Chandler Records there was John McCormick who in 1763 asked for land above Augusta as he had a wife and child. He or a son John must have been the Revolutionary Soldier in Georgia. In 1777 John McCormick purchased 550 acres on the Savannah River and the deed was made in what is now Richmond County. In 1784 John McCormick was dead and John and Ann Read were appointed guardians of his children. I feel sure that when Columbia County was made in 1790 that this branch of the McCormick Family was in the part that was set off for Columbia. There were a number of McCormicks in Columbia and the name Read appears in their records. I am unable to understand the relationship of a group of persons who signed a deed recorded in Deed Book "E" p. 208 in Columbia County, dated 1801. But since this is not our branch of the McCormick Family I am making no further effort.

2. MCCORMICK, JOHN who was a Tory had his property confiscated. It must have been he who petitioned for land in October 1770. He had a wife but mentions no children at that time. The land that he wanted was located on the Ogeechee River and that river runs through what is now Burke County. The Tory, John McCormick, had his land in Burke County. (Note. I think that this John McCormick was a son of Patrick McCormick. They both were in the Colony at about the same time and made petitions for land about the same time.)

3. MCCORMICK, JOHN of Pulaski who in the census of 1820 was living in Pulaski County and who in the Tax Digests of 1818 of Pulaski County was paying tax on 550 acres of land in Wayne County I know nothing about. He had a large family. I find no land recorded in his name in Pulaski County nor in Wayne County. He was NOT a son of William McCormick.

4. McCormick, John, son of William McCormick will be included in that branch later.

5. McCormick, John, son of James McCormick, the Rev. Soldier and grandson of Patrick McCormick will be included in that branch later.

6. MCCORMICK, JOHN of Columbia County, who had died and a petition was made to divide his estate in 1825 was undoubtedly a descendant of JOHN MCCORMICK, No. 1.

7. MCCORMICK, JOHN and his wife Susan who made a deed to his son, John McCormick Jr. in Wilkes County in 1789 I know nothing about. To have a son old enough to be made a land owner would place his birth prior to 1750. John Jr. could have been the John McCormick who was in Pulaski Co. in the Census on 1820.

MCCORMICK, JOSEPH was a soldier in Georgia during the Revolution. He was given a land grant in Wilkes County in 1792 and one in Glynn County in 1791. He was mentioned in the records of Richmond County on Nov. 15, 1783 when he and his wife, Peggy, were appointed administrators on the estate of Thomas Watson. Also in 1783 he was appointed an appraiser on the estate of James Coats, Planter. Both of these records were in Richmond County. But when Columbia was formed Joseph McCormick was living in Columbia. There is a deed in Wilkes County Georgia in Book "22 p. 34 from Joseph McCormick of Columbia to James Kelly dated 9-9-1793. Also the records of Columbia County have records of him as administrator for Thomas Watson. Joseph and his wife Margaret McCormick signed deeds to land in Columbia County that they sold in 1793. After that date I did not find his name on any other records of that County. The next time I found a Joseph McCormick was in Lincoln County which is close to Columbia. There Joseph McCormick died and a bond for five thousand dollars was made for Samuel W. McCormick in May 27, 1805 as administrator on the estate of Joseph. HOWEVER this bond was not recorded until Aug. 13, 1829 !!! On August 24, 1805 the appraisers turned in the inventory of the estate and found "One weeding hoe". It is indeed strange that the administrator was bonded for five thousand dollars for an estate of one weeding hoe!!!!.

The Bond made in 1805 was witnessed by JOSIAH MCCORMICK and JOSEPH MCCORMICK. I have no further record of these two men.

---

MCCORMICK, MICHAEL in 1793 this man was made an Ensign of the 1st. Reg. Burke Co. Ga. Also the records of Richmond County Georgia show that on May 10, 1794 Samuel Nunes of Burke County sold to Michael McCormick a slave. No further trace. ((Note, perhaps Michael was a descendant of one of the two Tories, John or Paul McCormick. In the family of James McCormick, son of Patrick McCormick, MICHAEL CODY is a grandson of John McCormick)).

---

MCCORMICK, PAUL was on a "List of Persons on the Bill of Attainder, Banishment, Confiscations" passed at Augusta in 1783, 19 August along with John McCormick and Robert McCormick. In the Revolutionary Records by Chandler Paul McCormick owned property in Richmond County, Georgia and it was never sold but given to Frances McCormick. Also for a period of time "his heirs" could not vote so he must have been dead by 1782

This man was probably a brother of the Tory, John McCormick, and a son of Patrick McCormick.

## PATRICK MCCORMICK and HIS DESCENDANTS.

The information on this branch came from Mrs. C. M. Winn of Norman, Oklahoma. She sent me the copy of the Bible Records and I have since seen the original records in the handwriting of James McCormick in the Georgia State Archives as a descendant sent then there when I was in Atlanta Oct. 17, 1955.

PATRICK MCCORMICK and a brother JOHN MCCORMICK came over on the same ship. His descendants have the name of the ship but I do not. These are the records as sent by Mrs. Winn.

PATRICK MCCORMICK Married JOANNA TERRELL on May 8, 1739.

Patrick McCormick was born 1717.

Joanna Terrell was born December 15, 1720 and was the daughter of Joyce Bryant (Briant) and James Terrell of Hopewell, N.J.

Terrell, James of Hopewell, Huntington County, wife Joyce (Will proved April 1, 1729) died Dec. 12, 1728 Children all under age. N.J. Archives 1st. Ser. Vol. 23 p. 456.

Bryant, William of Hopewell, Huntington Co. Daughter Joyce Terrell, grand dau. Joanna Terrell and Hillard Terrell, Will proved Feb. 7, 1732 N.J. Archives 1st. Ser. 30 p. 72. He died Dec. 20, 1731

5. JOHN NEAL, born Oct. 28, 1795
6. SALLIE NEAL born Dec. 8, 1797
7. THOMAS NEAL, born April 18, 1799

All the above records on PATRICK MCCORMICK were furnished me by Mrs. Winn.

In the COLONIAL RECORDS by Chandler ,Patrick McCormick made a petition for a land grant in Georgia. He stated that he had a wife. I made a search of some records in South Carolina and though I am not including the results in this data I will state that I found where Patrick McCormick was granted land in Fredericksburg Township, Along with Thomas McCormick in 1749. Later in the S.C. records I found on record a lease from Patrick and Joanna McCormick to James McCormick and it was signed by them and witnessed by John McCormick and Paul McCormick. This document was dated: March 10, 1766. Although my searching was not as thorough as I could wish I did not find JOHN, PAUL or Patrick MCCORMICK in the S.C. Records after 1766.

Then in the Georgia Records in 1770 Patrick was granted land in what is now Burke County, John McCormick asked for land there and in the Revolution JOHN MCCORMICK and PAUL MCCORMICK were Tories. Just now I cannot prove that the two Tories John and Paul McCormick, were the two sons of Patrick and Joanna McCormick but I BELIEVE THEY ARE THE SAME. Mrs. Winn does not seem to have any trace of the brothers, JOHN and Paul, of JAMES MCCORMICK. JAMES MCCORMICK stayed in S.C. and was a Revolutionary soldier there. He came to Georgia about 1784 or 1785.

PATRICK MCCORMICK would have been an old man when he came to Georgia. No doubt he died during the Revolution. If he left any records, they would have been burned in Burke County. The Georgia State Archives state the land grant to PATRICK MCCORMICK was in the "TOWN of QUEENSBORO about 2 miles Southeast of the present city of Louisville, Jefferson County. It was in what became the western part of Burke County (formerly St George) and later Jefferson County in 1796."

The fourth James MCCORMICK was the son of Patrick McCormick and the most prominent one of the men by that name in Georgia. While in Wilkes County and Warren County he acquired a great deal of land ,was made a J.P. and was always referred to in the old records as "JAMES MCCORMICK, ESQ." He no doubt was related to the McCormicks that were in the Revolution for he and BENJAMIN MCCORMICK witnessed a document in Wilkes County in 1791.

The fifth JAMES MCCORMICK in the Georgia Records that I have here was the grandson of JAMES MCCORMICK, ESQ. He is mentioned in his grandfather's will. His family record states that he married Rosey Pruitt in 1803. He seems to have wandered around for he is found in Columbia County. First in the Columbia County deeds it state "JAMES MCCORMICK of Warren Co. " Later the deeds are made in Columbia. When he sold land in Columbia County in 1818 his wife Rosey signed with him. She could not write and the recorder wrote her name "Roza". This James cannot be confused with the JAMES MCCORMICK of Twigg's Co. for he was still in Columbia when James McCormick went to Twiggs in 1810.

MCCORMICK? ROBERT was first mentioned in Chandle's Records when he drew land in St. Matthew's Parish in 1771. Then in 1775 he drew 250 acres in the Parish of St. George. He stated in 1771 that he had a wife and two slaves. He mentioned no children at that time. He was on the list of Tories and his property was confiscated. He had a great deal of property as evidenced by a document recorded in Savannah, Chatham County dealing with the Confiscated Estates. Most of this property was in what would now be Burke County and the adjoining counties. Since in none of the present counties I found no record of him and he seems to have been a prominent man I judge that any recorded deeds of his property would have been in Burke County Courthouse. In the Sav. Ga. "Royal Ga. Gazette" 1781, 6/14 p. 3. in an announcement of the death of Mrs. MCCORMICK? WIFE OF MR. ROBERT MCCORMICK. Robert McCormick did not live long after for his death is recorded in the "Royal Ga. Gazette" 1781 11/8 p.3. c.2

MCCORMICK? SAMUEL who once lived in Putnam County may have been the same man who was administrator for JOSEPH MCCORMICK.

---

MCCORMICK, THOMAS was a revolutionary soldier in Georgia. He received Land Grants in Washington and Wilkes Counties; Washington in 1785 and Wilkes in 1787. In Wilkes County, Ga. in 1800 Thos McCormick paid tax on 1 poll and 200 acres of land.

The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. It is shown that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are based on the principle of the conservation of energy. The second part of the paper is devoted to a discussion of the experimental results of the study of the structure of the atom. It is shown that the experimental results are in good agreement with the theoretical predictions of the theory of the structure of the atom.

The third part of the paper is devoted to a discussion of the application of the theory of the structure of the atom to the study of the properties of matter. It is shown that the theory of the structure of the atom can be used to calculate the properties of matter, and that the calculated properties are in good agreement with the experimental results. The fourth part of the paper is devoted to a discussion of the application of the theory of the structure of the atom to the study of the properties of the nucleus. It is shown that the theory of the structure of the atom can be used to calculate the properties of the nucleus, and that the calculated properties are in good agreement with the experimental results.

# WILLIAM MCCORMICK and HIS DESCENDANTS

MCCORMICK? WILLIAM, the half brother of JOHN DAVIS, Esq. lived in Burke County, Georgia. In giving a sketch of the life of Mathew Mathias McCormick in "GEORGIA HISTORICAL SKETCHES" it states that Mathew Mathias McCormick was born in Burke County, Georgia in 1794. That no doubt is correct. If so then William McCormick was in Georgia by that time. Family tradition does not place the birth of William McCormick as being in Georgia. In fact, in both the Davis and McCormick Families tradition takes them back to Virginia. Since William's son was born in 1794 then William must have been born prior to 1770. Mathew Mathias McCormick was NOT the oldest child for in the census of Pulaski County Georgia the children of JOHN MCCORMICK are older than the child of Mathew Mathias McCormick. In 1820 Mathew Mathias was 28 years old. John was older than he was. As yet I have been unable to find where William McCormick was born.

William McCormick was an educated man for he was able to read and write. His half brother, John Davis, was interested in politics but I can find no record to show that William took any interest in them. William McCormick had two draws in the Lottery in 1803. At that time he was living in Burke County. He was not successful in drawing any land in the lottery.

The records in the "Executive Journal" show that he knew "JOHN WILLSON, Esq." and MATHIAS MAHER. Since William McCormick named a son Mathias which is an uncommon name he was either a friend or relative of Mathias Maher. To date I am unable to find out anything about Mathias Maher. Those letters are dated 1800.

The next record I have on William McCormick is a deed made in Burke County to Jeremiah Gilstrap in 1808 to some "Fractional Lots". The deed was witnessed by JOHN DAVIS, J.P. who was his half-brother. This deed is recorded in Pulaski County.

In 1809 William McCormick moved to Pulaski County with his wife and children. He is listed as being on the first Grand Jury in that county. Also in 1822 he was Coroner in Pulaski County.

William McCormick does not seem to have been a business man for if he bought any land he did not have the deeds recorded. I doubt if he had much for in the Tax Digests in 1818 he has no land on which he paid any tax. Also when he died his son Mathias was administrator of his estate and it is listed as being \$1500 or \$1600. That must have been Personal Property not Real Estate. William McCormick had no orphans when he died in 1823 for in the column for Orphans none were listed. All of his children were grown at that time.

William McCormick had at least three sons: JOHN MCCORMICK; MATHIEW MATHIAS MCCORMICK; and JEREMIAH MCCORMICK. The James McCormick of the H. uston and Pulaski County records would either be a son or a brother no doubt. If he was a son then William would have been born much before 1770, for JAMES MCCORMICK was old enough to be made a J.P. in 1810. No doubt there were daughters too but I do not know their names.

McCormick, John, was a son of William McCormick. He owned a land lot in Pulaski County with his brother in 1818 as each paid tax on one-half of Lot 35 $\frac{1}{2}$  Dist. 21. He is also listed in the Census of Pulaski County in 1820. JOHN MCCORMICK was a witness to the will of Jeremiah Gilstrap in 1817. John's father, William McCormick had sold Jeremiah Gilstrap some land in 1808. There may be a connection between the Gilstraps and the McCormicks. I could find no Deeds recorded in Pulaski County in the name of John McCormick. No doubt he moved away.

MCCORMICK, MATHEW MATHIAS, son of William McCormick, born in Burke County Georgia. in 1794 was a very prominent man in Pulaski County, Georgia. A sketch of his life is given in "GEORGIA HISTORICAL SKETCHES". He was a soldier in the War of 1812, Captain of a River boat on the Ocmulgee many years and a Major in Ga. Militia .( 1823-1825) Also he owned a very large plantation in Pulaski County. There are deeds in both Houston and Pulaski Counties recorded in his name. He was many times made administrator for estates in Pulaski County and his name appears of record on numerous documents in the Ordinary's Office.

He died in 1824 and left a will in Pulaski County. His wife was Mary Cannon . They were married September 10, 1819 and his marriage is recorded in Pulaski County. They had fifteen children. One of his descendants has his Family Bible. The names of his children and their birth dates are recorded but for some reason only the initials were recorded!! However through the kindness of Mrs. Blanche Holt, a descendant she has supplied the names of all fifteen children. I will give them on a separate sheet.

MCCORMICK, JEREMIAH, must have been the youngest son of William McCormick for in the Census of 1820 there is a male 16-26 listed in the household of William McCormick. Jeremiah McCormick married Elizabeth Hanks Oct. 29, 1823. His marriage is recorded in Pulaski County Records. Jeremiah McCormick did not live very long. He died in Houston County and in 1830, his administrators were: John R. Senterfelt, Reuben Bynum and Mathew Mathias McCormick. Later, the estate was managed by Senterfelt alone. Jeremiah McCormick owned some land for after his death it was sold to William Coalson but there was no deed of record in either Houston or Pulaski in the name of Jeremiah McCormick that I could find. In the Estate Returns on record in Houston County I found no mention of either a wife or a child. ((Note, wonder if Jeremiah McCormick could have been named for Jeremiah Gilstrap,))

WHERE DO WE GO FROM HERE?

Since the earlier William McCormicks that came to Georgia would not be OUR WILLIAM MCCORMICK and he is supposed to have come into Georgia when he was about grown I will make no attempt to see about them.

There are some questions that we need to have answered like these:

1. Who was John Willson Esq. and what was he to Wm. McCormick?
2. Who was Mathias Maher and what was he to William McCormick?
3. When did William McCormick come to Georgia?
4. Why didn't he get a land grant from the State of Ga.? (He must NOT have been a Rev. Soldier.) He must have been born about 1768 or 1770.
5. Was he married when he came or did he marry in Ga.?
6. Was he related to any of the families found on the records in Pulaski County like: Hambleton; Gilstrap; Hart; Hagan etc.
7. Investigate the land drawn in the Lottery of 1821 for William McCormick, John McCormick, James McCormick &
8. See if there are any descendants of JAMES MCCORMICK in or near Davison County, Tenn. They might know WHERE he was born.

DAVID MCCORMICK, Esq.

Sketch

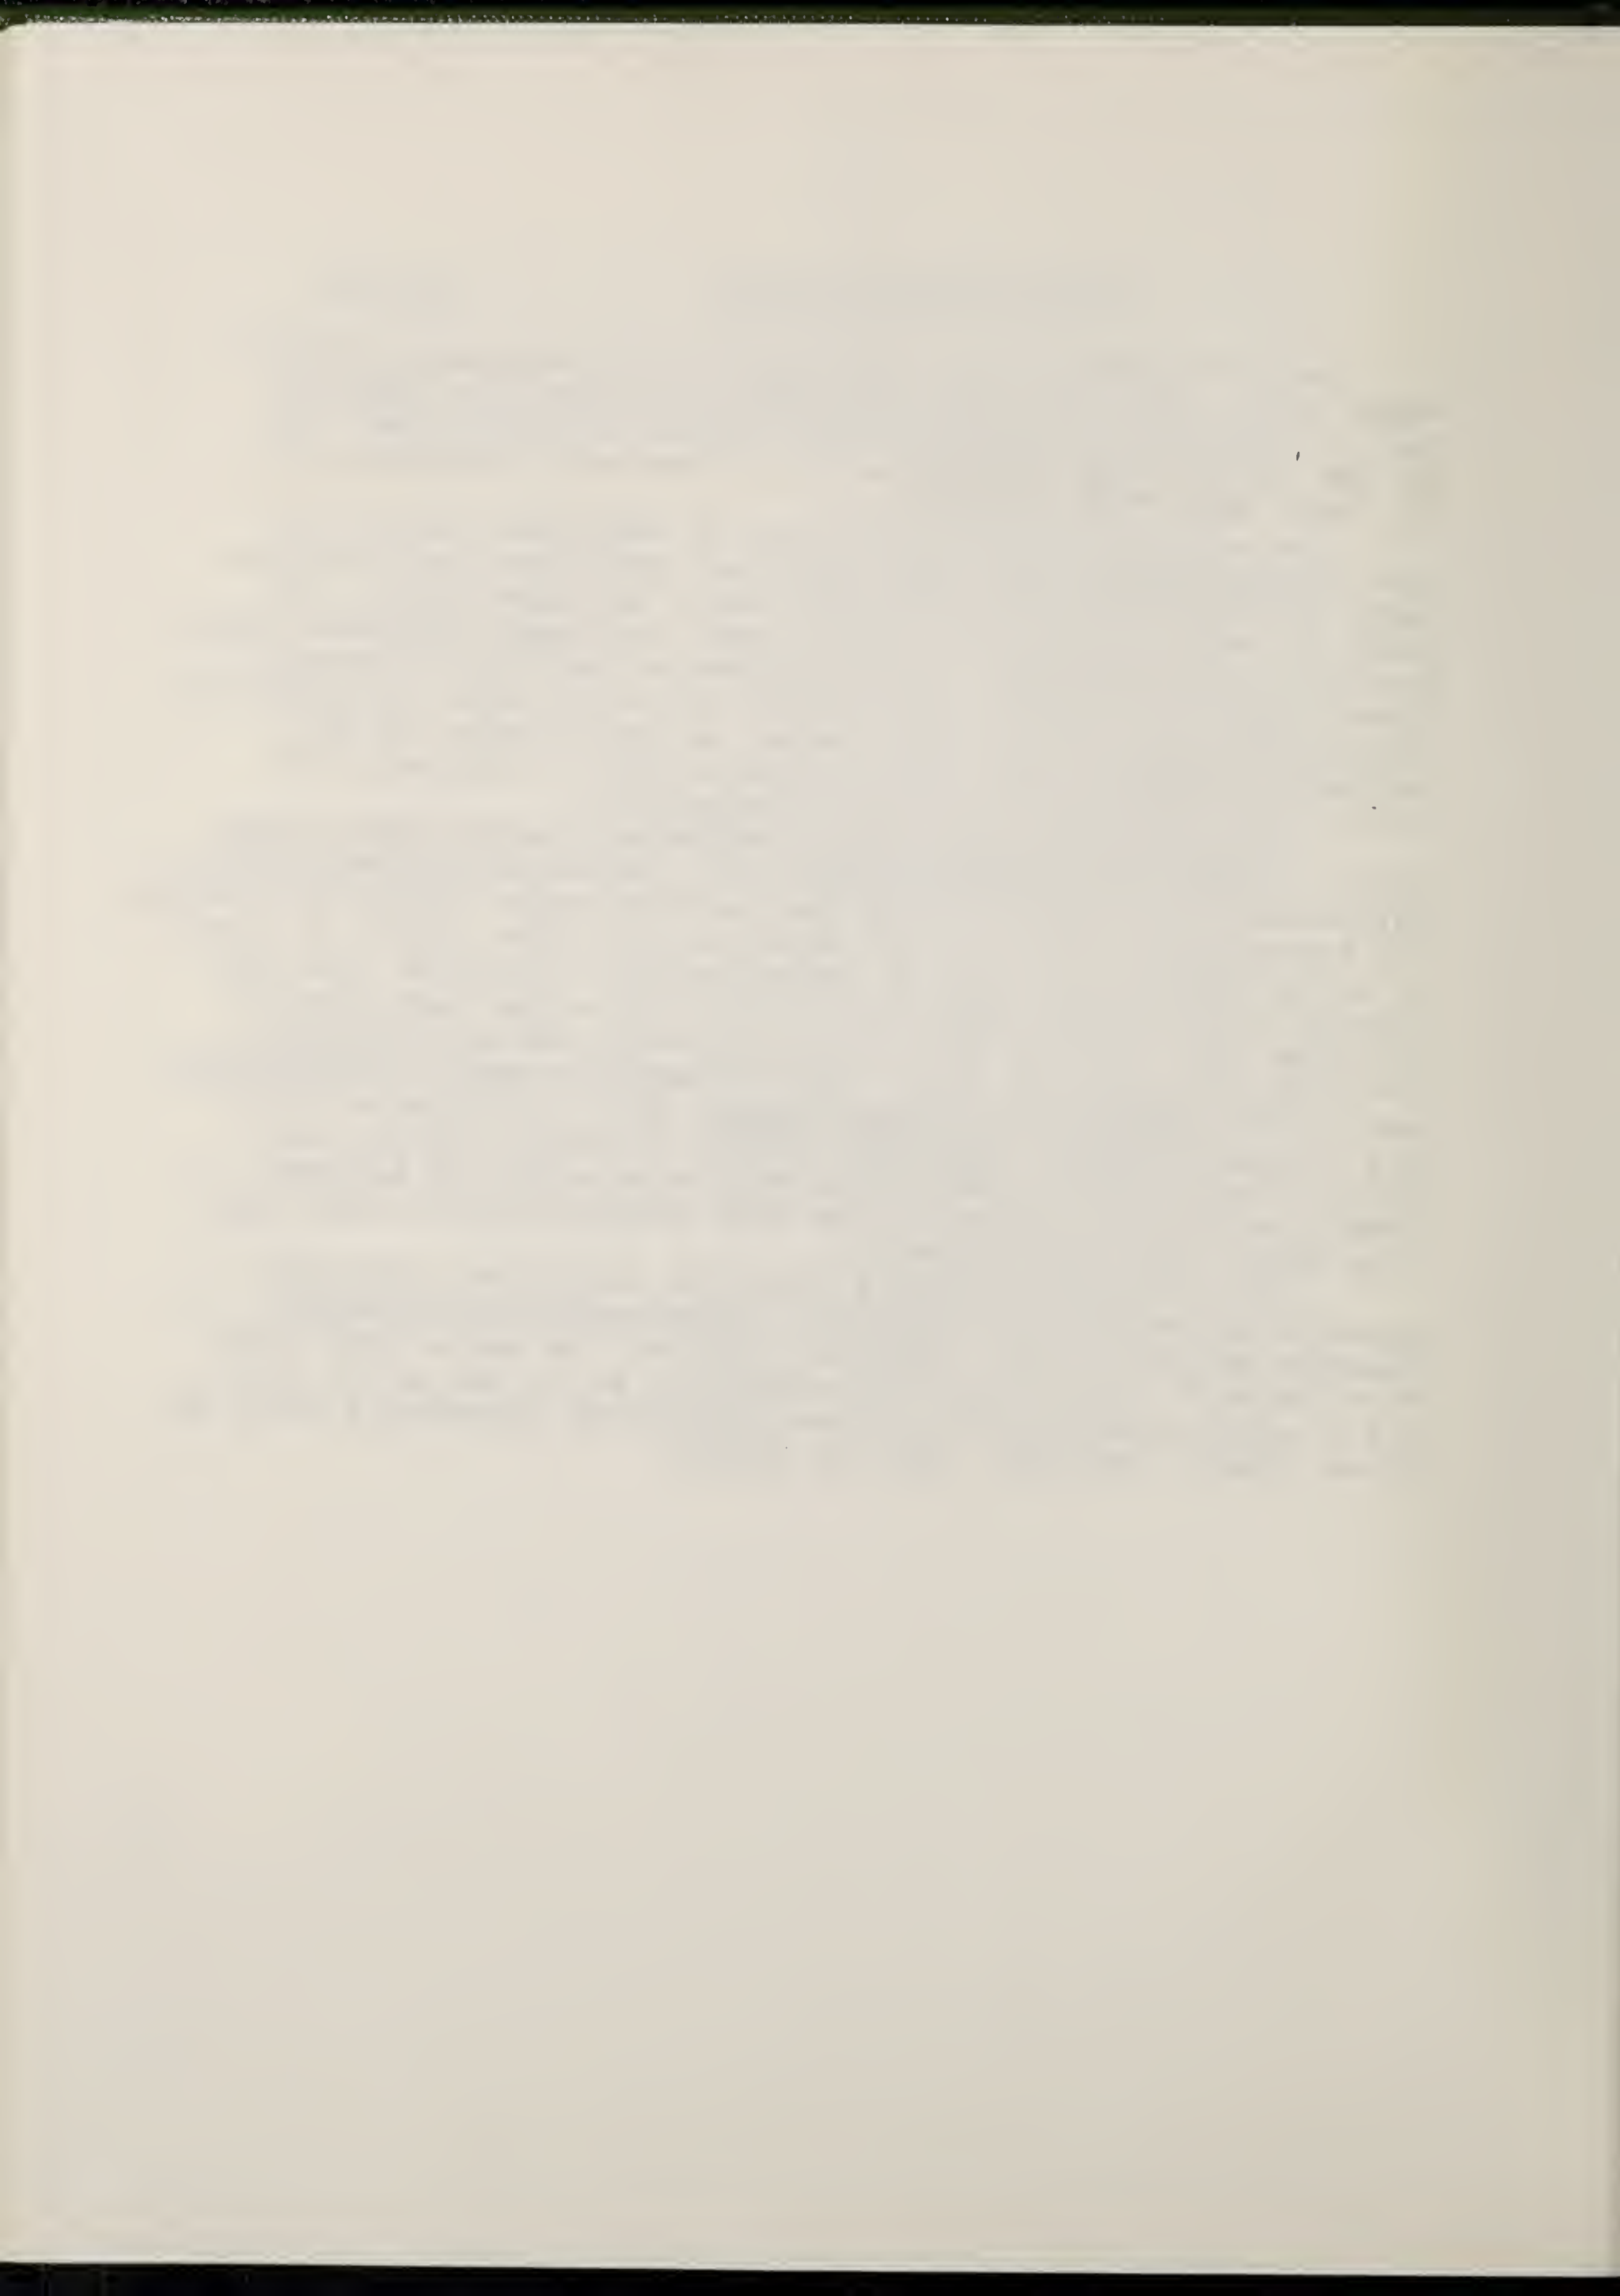

David McCormick was a merchant in Philadelphia, Pennsylvania about 1795. He got interested in buying and selling land in Georgia. He bought large tracts and sold them. One of the largest for 100,000 acres is recorded Montgomery Co. Ga. Deed Book "CPG" p. 65.

He moved to Georgia and went to Jefferson County to the capital, Louisville. Jefferson had just been cut off from Burke County. He lived there and was a merchant there. In some old pages that were left of what had been Jefferson County, Records in the Superior Court Records of Jefferson County I found where in several cases David McCormick sued some persons for failing to pay for some maps. In the minutes of the ordinary's office there was a record where a man had been jailed for failing to pay David McCormick.

David McCormick lived in Jefferson County until about 1807 for deeds in Laurens County, Ga. say "David McCormick, of Jefferson, Co." then in 1808 the records state "David McCormick, of Montgomery Co." He lived there a long time before he went to Bryan County. He died in Bryan County. I did not find any deeds signed by his wife so I do not know her name. He had children but I do not know just how many. The accompanying records show that he had a son, Pollard, who went to Pittsburgh and in the History of Laurens County was the statement that his daughter married Jonathan Sawyer. (Jonathan Sawyer was also a merchant in Louisville before he moved to Laurens County as the old pages of the book showed where he had some law suits over his accounts.

David McCormick was a colorful character. His name appears on records of Columbia, Montgomery, Laurens, Bryan, Chatham and many other Georgia Counties. He had a long "Service Record" in the Ga. State Archives as he was a Lt. Col. J.I.C and a commissioner of the Montgomery Academy. He died in Bryan County in either 1822 or 1823.)

CHATHAM, Co. Ga. Courthouse: Deed Book 2 N. pp. 117-118  
Note By David McCormick to Wm. & Alex Walker of  
Birmingham, England for \$77,437.92 (1797)

Note. David McCormick died before the note was entirely  
paid so it was settled by his son, Pollard McCormick.

There are many transactions of David McCormick on the  
Deed Books of Chatham County.

---

David McCormick, Esq. owned land in nearly every Georgia  
County so his name is in many courthouse records of that day.

"SENATE JOURNAL of STATE of GEORGIA"

p. 87, Tuesday Dec. 6, 1808" The committee to whom was referred  
the petition of Josiah Durden with documents accompanying the  
same report.....it appears that David McCormick purchased  
at the fractional sales, a lot of land situate, lying and being  
in the first district of Baldwin County, joining the Milledgeville  
Commons; which said lot of land, according to the plat and grant  
to the said David McCormick contains one hundred and 29 and one  
fourth acres but upon a re-survey made by the Surveyor-General is  
found to contain only ninety-four acres or thereabout, making a  
deficiency of thirty-four acres, which deficiency is occasioned by  
a mistake in the District-Surveyor who laid out the lots,  
in laying down the distance from the corner to Fishing Creek,
